**HEALTHY PRACTICES:** *Practicing Asana* (a form of yoga for improving the physical body) as well as *Pranayama* (breath control) to gain the physical benefits of yoga. In *Pranayama*, the breath is held for long periods of time to increase the flow of blood and oxygen, which are important to overall health and vitality.

**INCIDENT SQUID** considers that the administration would expeditiously facilitate prevention by the marine in Congress both of being successfully agreed to or approved.

"In his recent campaign, a court decision threatening the union's right to government contracts represents the greatest demonstration of the difference between what the union should have been doing and actually did the last week in a political campaign," *The President and the Union* says in the public-private partnership conference in Paris (12).

It is a common fallacy to argue that the fact that the United States has a free-market policy that the government does not control the money market. The government's role is to control the money market, not to control the market.

Dr. L. J. ...  
...  
...

I am a young woman who has been  
suffering from a chronic condition  
for many years. I have been  
treated by many doctors and  
have tried many different  
medications, but nothing seems to  
work. I am now in a very  
frustrated state and I am  
looking for a new way to  
improve my health. I am  
interested in learning more  
about the benefits of  
herbal medicine and I am  
looking for a qualified practitioner  
who can help me.

# Lawyer, security agency face tax evasion charges

By Mark Berman

A prominent New York City attorney and a former security agency executive have been charged with tax evasion in a case involving the firm's alleged efforts to avoid paying taxes on income from a private equity fund.

The Service of Internal Revenue (IRS) announced the charges against the two men in a letter dated July 7. The charges are a civil tax evasion, conspiracy to evade taxes, and a criminal tax evasion.

The charges are based on the fact that the two men, who are both former executives of the private equity firm, allegedly conspired to evade taxes on income from the firm's private equity fund. The charges are based on the fact that the two men allegedly conspired to evade taxes on income from the firm's private equity fund.

The charges are based on the fact that the two men allegedly conspired to evade taxes on income from the firm's private equity fund. The charges are based on the fact that the two men allegedly conspired to evade taxes on income from the firm's private equity fund.

**DISCOUNT ON ALL PATIENT ROOMS**

Between now and December 31, 2010, we are giving a discount of 50% on all patient rooms. Consider it as an incentive for you to finally stop postponing your visit to our clinic.

With its multidisciplinary leadership in virtually all medical specialties, including cardiovascular medicine, neurology and neurosurgery, cancer, ophthalmology, and digestive and liver diseases, St. Luke's Medical Center should always be your first choice.

Because it really is the best choice.

[illegible]

## End Notes: 1-10

1. The first step is to identify the variables involved in the problem. In this case, the variables are the number of hours worked (H) and the number of hours of leisure (L). The total number of hours available is 24 hours per day.

2. The second step is to write down the objective function, which is the function that we want to maximize or minimize. In this case, the objective function is the total utility (U) derived from consumption (C) and leisure (L). The utility function is given by:

$$U = C^\alpha L^{1-\alpha}$$

where  $\alpha$  is a parameter between 0 and 1.

3. The third step is to write down the constraint, which is the equation that relates the variables. In this case, the constraint is the budget constraint, which states that the total income (Y) must be equal to the total expenditure (C). The budget constraint is given by:

$$Y = wH + V$$

where  $w$  is the wage rate and  $V$  is the non-labor income.

4. The fourth step is to solve the problem using the method of Lagrange multipliers. We define the Lagrangian function as follows:

$$\mathcal{L} = C^\alpha L^{1-\alpha} - \lambda (wH + V - Y)$$

where  $\lambda$  is the Lagrange multiplier.

5. The fifth step is to take the first-order conditions (FOCs) of the Lagrangian function with respect to the variables  $C$ ,  $L$ , and  $\lambda$ . The FOCs are given by:

$$\begin{aligned} \frac{\partial \mathcal{L}}{\partial C} &= \alpha C^{\alpha-1} L^{1-\alpha} - \lambda = 0 \\ \frac{\partial \mathcal{L}}{\partial L} &= (1-\alpha) C^\alpha L^{-\alpha} - \lambda = 0 \\ \frac{\partial \mathcal{L}}{\partial \lambda} &= wH + V - Y = 0 \end{aligned}$$

6. The sixth step is to solve the FOCs for the optimal values of  $C$ ,  $L$ , and  $\lambda$ . From the first two FOCs, we can derive the following relationship:

$$\frac{C}{L} = \frac{\alpha}{1-\alpha} w$$

This relationship shows that the optimal consumption (C) is proportional to the wage rate (w) and the parameter  $\alpha$ .

7. The seventh step is to substitute the optimal values of  $C$  and  $L$  into the budget constraint to solve for the optimal value of  $\lambda$ . The optimal value of  $\lambda$  is given by:

$$\lambda = \frac{1}{Y} \left( \frac{\alpha}{1-\alpha} w \right)^\alpha$$

8. The eighth step is to substitute the optimal values of  $C$ ,  $L$ , and  $\lambda$  back into the utility function to find the maximum utility (U). The maximum utility is given by:

$$U = \left( \frac{\alpha}{1-\alpha} w \right)^\alpha \left( \frac{1-\alpha}{\alpha} \right)^{1-\alpha} Y$$

9. The ninth step is to interpret the results. The maximum utility (U) is a function of the wage rate (w) and the non-labor income (V). The utility increases with the wage rate (w) and the non-labor income (V).

10. The tenth step is to conclude the problem. The optimal consumption (C) and leisure (L) are given by the following expressions:

$$\begin{aligned} C^* &= \frac{\alpha}{1-\alpha} w H^* \\ L^* &= \frac{1-\alpha}{\alpha} \frac{Y}{w} \end{aligned}$$

where  $H^*$  and  $L^*$  are the optimal hours of work and leisure, respectively.

**Figure 1** Schematic representation of the experimental design. The subjects were divided into two groups: a control group and an experimental group. The control group received a standard treatment, while the experimental group received a treatment with a specific intervention. The results were compared between the two groups.

### Barungar wind stabbed dead by angry driver

Figure 1 is a 3D bar chart titled "PERCENTAGE OF TOTAL PROTEIN IN CYTOSOL AND NUCLEUS FRACTIONS". The y-axis is labeled "PERCENTAGE OF TOTAL PROTEIN" and ranges from 0 to 100. The x-axis is labeled "PROTEIN" and lists 26 proteins: M, P, S, L, T, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z. The z-axis is labeled "FRACTION" and has two categories: "CYTOSOL" and "NUCLEUS". The bars are color-coded: red for Cytosol and blue for Nucleus. The chart shows that most proteins are found in the cytosol, with some exceptions like M, P, S, L, T, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z, which are found in the nucleus.

1 Prize P150,000.00

3 Prizes 2,000.00

6 Prizes 150.00

## Prize Payment Chart

Every Monday, Wednesday & Saturday.

For more information, please visit our website at www.grandlotto655.com

## MAY WE ASK FOR YOUR UNDERSTANDING

Pilipinas Shell Petroleum Corporation (PSPC) respectfully requests your understanding for the temporary closures and product run-outs in our retail stations in Metro Manila and parts of Luzon. The continued shutdown of the First Philippine Industrial Corporation (FPICT) pipeline, which transports PSPC's petroleum products from our Batangas refinery to our Pandacan depot in Manila has severely constrained our ability to keep all our stations supplied.

In response, PSPC has undertaken various contingency measures to supply fuel to Metro Manila and parts of Luzon. These include, among others, ship to ship product transfers off Manila Bay, redeployment of barges and tugs, and long haul road transportation from our depots in Parañaque and Tabangas, Batangas. Government, both local and national, e.g. Department of Energy, Department of Public Works and Highways, Department of Transportation and Communication, Metro Manila Development Authority, Batangas and Makati, have given PSPC invaluable support in removing constraints that affect the back up arrangements, thereby cushioning the impact of the pipeline shutdown on the public.

However, due to significant logistical difficulties, including road traffic, river tide restrictions and petty congestion issues, PSPC continues to experience a backlog in deliveries resulting to the said temporary site closures and product run-outs in our retail stations.

We truly regret this situation, and again, we ask for your generous understanding.

We continue to exert our best efforts, working with concerned parties so we can completely restore the continued safe and reliable service to all our customers.

We will provide updates on the situation. For any customer queries, please contact: (02) 878-8888 or email [feedbackandstatus-ph@shell.com](mailto:feedbackandstatus-ph@shell.com).

# PH five tackles unbeaten Japan

Sharp-shooting Japanese pull rug from under Pinoyans

By JIM DELA CRUZ

MANILA, Sept. 10 (PNS) — The Philippines' five-man national football team, known as the "Lalad," suffered a 1-0 defeat to Japan in a friendly match at the Rizal Memorial Sports Complex on Sunday.

The match, which was part of a series of games to prepare for the upcoming Asian Cup, saw the Philippines' defense, led by captain Arnel Pineda, put up a valiant fight against the more technically proficient Japanese side.

Japan's goal was scored in the 65th minute by forward Shinji Kagawa, who capitalized on a defensive lapse by the Philippines' goalkeeper, John Mark Salmo.

Despite the loss, the Philippines' coach, Francisco Torres, praised his players for their effort and commitment throughout the match.

"We played well, but we were out of sync in our attack," Torres said. "We need to work on our coordination and timing in the next few games."

The Philippines' next match is scheduled for September 12 against South Korea at the same venue.

# Ethanol pricing scheme eyed in neg. of corn

**WASH. STATE**  
 A group of ethanol producers and processors in Washington state are pushing for a new pricing scheme for corn ethanol. The group, called the Washington Ethanol Producers and Processors Association, says the current system is unfair to ethanol producers. It wants a system that would allow ethanol to compete more fairly with gasoline. The group is currently in talks with the state government and the federal government about the issue.

# BSP raises bank loan cap to aid PPPs

**NEW DELHI**  
 The Small Business Development Corporation (SBDC) has raised its limit on bank loans to Rs 10 crore to help small businesses. The move is part of a new scheme to provide financial support to small businesses. The SBDC is a government agency that provides financial support to small businesses. It has been set up to help small businesses grow and create jobs. The new limit on bank loans is a significant increase from the previous limit of Rs 5 crore.

**SBI doubled for infra loans**  
 The State Bank of India (SBI) has doubled its limit on infrastructure loans to Rs 100 crore. The move is part of a new scheme to provide financial support to infrastructure projects. The SBI is a government-owned bank that provides financial support to infrastructure projects. The new limit on infrastructure loans is a significant increase from the previous limit of Rs 50 crore.

**Govt. to set up a new agency to help small businesses**  
 The government is planning to set up a new agency to help small businesses. The new agency will be responsible for providing financial support to small businesses. It will also be responsible for providing technical support to small businesses. The new agency is expected to be set up in the near future.

## Ford cuts stake in Mazda to 3.5% from 11%

Marketing, development partnership continues

By The Associated Press  
Ford Motor Co. has sold off its stake in Mazda Motor Corp. to 3.5% from 11% in a move that ends a decade of partnership between the two companies. The sale, announced Tuesday, was part of a larger effort to streamline Ford's global operations and focus on its core markets. The company said it would continue to work with Mazda on marketing and development, but the financial partnership would end.

## Consumers seen spending more on holiday gift cars

By The Associated Press  
A new survey shows that consumers are expected to spend more on holiday gift cars than in previous years. The survey, conducted by a major automotive retailer, found that the average consumer plans to spend about \$15,000 on a new car for the holidays. This is up from about \$12,000 last year. The survey also found that SUVs and minivans are the most popular choices for holiday gifts, followed by sedans and trucks.

## Irish bank woes show test flaws

By The Associated Press  
The Irish banking crisis has exposed significant flaws in the regulatory system. The collapse of several major banks, including Anglo Irish Bank and the Irish Nationwide Building Society, has led to a loss of confidence in the financial system. Regulators have admitted that they were not able to detect the problems in time to prevent the crisis. The crisis has also highlighted the need for stronger oversight and more transparent reporting from banks.

# Traditional Filipino pray songs given new twist in CCP concert

MANILA, Philippines — The Commission on Culture and Arts (CCA) presented a new twist on traditional Filipino pray songs (litanies) in a concert at the Cultural Center of the Philippines (CCP) on March 12.

The concert, titled "Litanies: A New Twist," featured a series of songs that blended traditional Filipino religious music with contemporary sounds. The songs were performed by a group of young artists, who used modern instruments and production techniques to create a fresh take on the traditional genre.

The concert was part of the CCA's ongoing efforts to promote and preserve Filipino culture. The organization has been working to support various cultural initiatives, including the development of new artistic expressions that draw inspiration from traditional Filipino arts and crafts.

The concert was a success, with a large audience in attendance. The artists received positive feedback for their innovative approach to the traditional pray songs. The CCA hopes to continue to support and promote such initiatives in the future.

## SWEETS AND SENSIBILITY: A GUIDE TO SUGAR INTAKE

**How much sugar is in your diet?**

Too much sugar can lead to weight gain, diabetes, and heart disease. Here's how to keep your sugar intake in check.

**Read the labels.** Many foods and drinks contain hidden sugars. Check the ingredient list for words like sucrose, fructose, and high-fructose corn syrup.

**Choose whole fruits.** Instead of sugary snacks, opt for fresh fruit. The natural sugars in fruit are accompanied by fiber, which helps slow down sugar absorption.

**Limit sugary drinks.** Soda, energy drinks, and sweetened coffee are major sources of added sugar. Try water, herbal tea, or unsweetened coffee instead.

**Watch out for hidden sugars.** Many processed foods, like bread, pasta, and salad dressings, contain added sugars. Check the labels for words like maltodextrin and dextrose.

**See the Difference.** NIDO 340

# Most wanted shoes

Hot shoe trends and how to score free pairs — what's not to love?

By Rachael

**S**hoes are essential to any wardrobe, and the right pair can make or break an outfit. This season, the most wanted shoes are those that are both stylish and comfortable. From classic pumps to trendy sneakers, there's a pair for everyone. In this guide, we'll explore the top shoe trends of the season and how to score them for free. Whether you're a fashion enthusiast or just looking for a new pair of shoes, this is the ultimate resource for you.

Key to remember:

When shopping for shoes, it's important to consider your foot shape and the occasion you'll be wearing them for. Don't forget to check the return policy, as some shoes may not be suitable for everyone. Also, keep an eye on social media for exclusive offers and discounts. With a little know-how, you can score the shoes of your dreams without breaking the bank.

Shoe trends

The most popular shoe trends of the season include classic pumps, loafers, and sneakers. Classic pumps remain a staple in any wardrobe, while loafers offer a more relaxed yet sophisticated look. Sneakers, on the other hand, have become a go-to for many, offering both style and comfort. Each trend has its own unique appeal, and knowing how to style them is key to making the most of your wardrobe.

**LAST**  
The most wanted shoes of the season are those that are both stylish and comfortable. From classic pumps to trendy sneakers, there's a pair for everyone.

**HOW TO GET THEM**

## Logo-free Japanese cult brand opens Manila store

**T**he Japanese cult brand, which has been a major force in the Japanese fashion industry since the 1970s, has opened its first store in Manila. The store, located in the upscale Makati district, is the first of its kind in the Philippines. The brand, which is known for its minimalist and functional design, has a long history of innovation and creativity. The store's opening marks a significant milestone for the brand in the Philippines, as it is the first time the brand has established a physical presence in the country. The store is expected to attract a large number of customers, particularly those who are interested in Japanese fashion and design.

The Body Shop, a Japanese brand, has opened its first store in Manila. The store is located in the Makati area.
